

Mr Jason Spivey

High Risk Specialist Security Consultant - Close Protection and Counter Terrorism Tactical Operations

<https://www.linkedin.com/in/spiveyjason/>

M: +61 433 265 353

Jason has been providing high level security, risk and investigations solutions throughout Australia, New Zealand, Iraq, India, Afghanistan and Papua New Guinea to a diverse client base of Government and private organisations since 2005. Prior to moving into the private sector, Jason spent ten years as a Police Officer including three years within the Queensland Police Tactical Counter Terrorism Unit (SERT).

Jason is proficient in all areas of Security Risk Management and has extensive real-world experience in providing risk/vulnerability assessments and the related consulting, training and advisory risk mitigation services in both hostile and passive work environments. Jason recently completed his Masters in Terrorism and Security Studies with Distinction and is currently studying a Graduate Diploma in Leadership and Management.

Being an active industry practitioner with over 21 years of industry experience across various sectors and roles, Jason is a widely recognised specialist in the areas of security operations, counter terrorism, risk mitigation and the use of force practical and legislative frameworks. He has a defined focus on continuous professional development and maintains effective operational capability throughout each of his skill silo's.

Jason is also an influential and impactful trainer whom has been actively involved in the development, refinement and subsequent implementation of tailored training programs across a broad cross section of his skill set including leadership development, close personal protection, surveillance and tactical driving.

He is a Certified Police Authorised Firearms Instructor, ASP Baton and Handcuff Instructor and is an AREMT RACFA Qualified Tactical Medic with extensive proven experience in Executive Protection Operations.
